

instruction for OST building

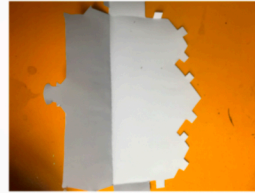

Remember to share your work with us →  @oldschoolthornhill  Old School Thornhill page

Cut around edges following the green line. Ask an adult for help on any tricky areas.

Follow fold lines. Fold inward.

Unfold the side and then begin with folding the other side.

Begin folding tabs inward. Follow the fold lines as a guide.

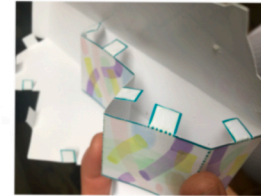

Fold all lines. They will correlate to roof building. First three folds are inward and last fold sits outward.

Begin to apply glue to the tabs. Sticky tape can also be used.

Align edges of the side to sections of the roof.

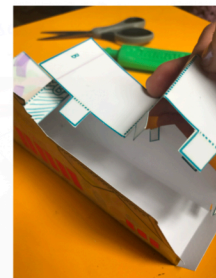

Ensure sides follow zig-zag formation aligning roof to walls.

Grasp sides together & hold gently, when glue dries it will tuck & stay in place.

Follow along edges adhering tabs to each side.

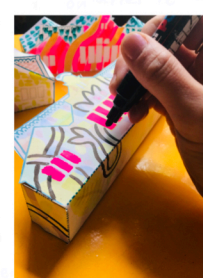

Apply glue to shaded area. Place card onto tab, use guidelines as reference.

Use guidelines as reference. Match A and B tabs to connect roof to walls. Hold in place till glue gets tacky.

Press gently on card where it meets tab. You should have a completed structure. 

Draw and add further details to your creation.
